 Ansd.
 LONDON

201, Tower Building,

Liverpool, 23rd March 1925.

Reference

Dear Sir,

I beg to acknowledge the receipt of your wire as follows,
 viz: - "MIDDLESEX WRITE FULLY TONIGHT HOW CASE STANDS - COMMITTEE PEN"

In reply I have to acquaint you that the Special
 Survey No.1 on the Hull has been completed with the exception of
 the testing of the F.W.tanks.

As regards the machinery, the Engine and Boiler Surveys
 have been held excepting adjustment of safety valves and steam
 trial of machinery. Work in the Engine Room is now approaching
 completion. The new seating for propelling machinery has been
 fitted, gearing and turbines after overhaul and repair at Manchester
 have been installed and put into alignment. The L.P. turbine
 after refitting has been opened up to ensure that no damage had
 occurred in transit from Manchester, H.P. Turbine is yet to open
 up. Auxiliary Machinery re-installed.

I am, Dear Sir,

Yours faithfully.
