S/S "TOZAN MARU"

Dear Sir,

In reply to your Classing Letter dated the 25th March 1938, I have to say that G-2 plates (3rd below sheerstrake) on both port and starboard sides, were dealt with, and port H-3 plate was found slightly indented but was considered efficient.

In the circumstances, the restrictions to forward shell plating may be removed from the Special Reasons List.

With regard to this vessel please see the reply to your Enquiry Letter dated 23rd instant. *(re ownership with CO).*

I am, Dear Sir,

Yours faithfully,

*J. Harada*
