Re S.S. "Tozan Maru".

Dear Sirs,

In response to your letter of 21st. ult., I beg to advise you that the above vessel stranded on the northern coast of "Ukushima" of "Kyushu" Japan (N 33° 18' - E 129° 8') on the 6th. March, 1938 and since been under Salvage by Nippon Salvage Co..

It is expected, according to the reports from the spots, that the vessel may be refloated by the end of May next and thence she shall under go your Survey and shall be repaired in accordance with the recommendation to maintain her class.

Such being the circumstances, it is very much desirous for me, if the Committee to be held on the 17th. May next will consider to defer taking any steps regarding the Ship's Classification in your Society's Register Book until the case may be definitely settled.

In the meantime, I will not fail to give you any further information from time to time,

Yours faithfully,

Seiichi Okada
