22 OCT 1935

INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) B. 1120
(Date) 14th October 1935

I have to report that I have surveyed the Steamer
Grand Zaza - Mendel of B. 1120 O.N.
this date.

I have compared the arrangements on board the ship with
the given in the original freeboard report and I have found them to be
in agreement therewith or equivalent thereto, and the whole to be in efficient
condition.

Special Survey No. 5 now completed.
Suitable provisions have been made for rigging life lines
which might have to be used by the crew in the regular
working of the ship.
The stiffening of the exposed Machinery casing on the
freeboard deck has been suitably reinforced.

The freeboard marking has been verified and found to agree
with the freeboards given on certificate No. _____ dated _____
which is returned herewith.
