Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

9th August, 1938.

Dear Sir,

S.

I duly received your letter of the 2nd instant with enclosure respecting the steamer "RUMORE" and may say that, in the circumstances, the matter was taken up direct with the Board of Trade in this City.

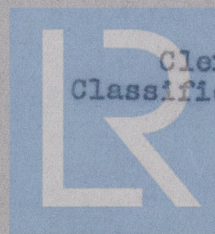

As a result of the representations made the Board have decided that a letter shall be addressed by them to this Office requesting permission for Mr. Green, their Surveyor at your port, to examine the plans and reports of the vessel in possession of this Society, but up to the present, no communication has been received from them.

I think it well to add for your information that the Board of Trade officials stated they were most anxious to take the procedure which would meet the wishes of this Society, and thus expedite the collection of the information for the Enquiry.

I am, Dear Sir,
Yours faithfully,

The Secretary,

GLASGOW.

Clerk to the
Classification Committee.
