95, Bothwell Street, Glasgow, C.2.

2nd August, 1938.

Dear Sir,

Reference

I beg to acquaint you that Mr. Green, the Senior Ship Surveyor of the Board of Trade, telephoned to me to-day and stated that he had been requested by the London Office of the Board of Trade to examine the reports and plans of the S.S. "RUMORE" which was lost some months ago.

On pointing out to Mr. Green that this could be done more readily by their London Office getting into touch with the Society's London Office he stated he had already suggested this procedure to them but they had requested him to communicate with this Office.

They also wish to have a written statement from the Society's Surveyor who last saw the S.S. "RUMORE" stating the condition in which he found the vessel and whether there were any cement boxes fitted.

At the same time the Board of Trade also wish to examine the reports and plans of the S.S. "RUBAAN" and the S.S. "KYLE RHEA".

In the circumstances, I shall be glad to

receive/
