Your Ref.H.

Dear Sir,

We acknowledge receipt of your letter of the 29th ulto. and have to state that it is not intended to raise steam on the boilers until such time as the vessel is again place in commission.

In any event it would be necessary to drydock the vessel before she commenced trading and this would provide an opportunity for the boiler survey to which you refer.

We shall be glad to know that this procedure is in line with the Committee's requirements.

Yours truly,

ANGLO-AMERICAN OIL CO., LTD.
