611, Highland Building,

Pittsburg, Pa., January 13, 1916

This is to certify that

Walter Lang.

The undersigned surveyor to this Society did at the request of Messrs. The Carnegie Steel Company, Pittsburg, Pa attend their works at Duquesne for the purpose of witnessing the testing of 488 rounds of boiler quality made to the order of Messrs. Mitsui & Co. New York, N. Y. (X8595/6) and intended for shipment to Kobe, Japan.

Samples taken from this material were subjected to the tensile, temper & cold bend tests prescribed by the rules of this Society for boiler material with satisfactory results.

For identification of the material see signed advice note

A copy of the results of the tensile tests is appended.
