

BOARD REPORT on the S.S. "Wagland"

~~It is submitted the Freeboards given on the accompanying~~

~~form, being those required by the Tables, merit approval.~~

Convention ordinary freeboards have been computed on the basis of the information supplied on form "C" and it is submitted the forms be sent, together with the freeboard certificate and two copies, to the Oslo Surveyors.

They should be informed that the ~~ordinary~~ Convention freeboards are greater than those that could be assigned under the existing Norwegian Regulations of 1909, and it is therefore concluded the Owners will desire the latter freeboards and the certificates have been prepared accordingly.

In dealing with the certificate & copies Mr. Webster should follow the usual procedure.
