

Enquiry into the loss of the S.S. "VARDULIA".  
-----

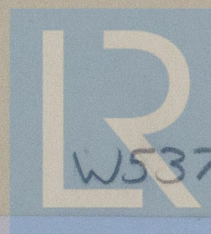

I called at Messrs. Parker Garrett & Co's Office this afternoon and saw Mr. Rendel regarding the representation of the Society at this Enquiry.

I explained the case to him and showed him the statement regarding the case and copies of the reports which have been received from the Society's Surveyors, copies of which have already been supplied to the Board of Trade Solicitors.

He stated that they would prefer to appoint a Sunderland or Newcastle Solicitor to act in the case to watch the interests of the Society, and it was arranged that Mr. Garrett, who is absent from Town for a few days, would appoint a suitable Solicitor.

It was arranged to supply Messrs. Parker Garrett & Co. with two copies of the statement regarding the case, and two sets of copies of the relevant reports. These are now being prepared.
