AND AT
BALDWIN STREET, BRISTOL.

22, Billiter Street,
London, E.C. 18th Sept: 1908

Messrs. Chas. Connell & Co. Ltd.,
Glasgow.

Dear Sirs:-

No. 325.

The following is extract of clause in Specification, which we should be glad if you would kindly carry out, and oblige:-

"Outside strakes of plating in bottom of tanks to be cemented up flush with inside plate, also floor and intercostal angle bars and rivet heads to be covered with Portland Cement and fresh water sand, but tank under boilers to be cemented in the usual way. Interior of water ballast tanks to have two coats of cement wash."

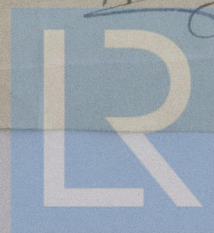

Yours faithfully,

Bethell Gwyn & Co

Tanks cemented as above & as
arranged by Mr Dick owners representative
