BOARD REPORT on the ^{S/S} No 375 to be built by Messrs C. Connell & Co.

as per
opening is the shade deck sides
as shown on the approved profile

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval. Subject to the particulars & dimensions now supplied being verified on the completion of the vessel, and provided the openings in the shade deck sides are fitted with permanently hinged steel shutters secured by turnbuckles, as proposed to the Surveyors' satisfaction.

If the steel shutters are not fitted & there are no bulkheads between the upper & shade decks the summer freeboard would be 3'-8" & winter 3'-11 1/2" from statutory deck line.
