127 BOARD REPORT on the <sup>S/S</sup> No 375 to be built by Messrs C. Connell & Co.

*Openings  
altered  
see later  
endorsement*

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval. Subject to the particulars and dimensions now supplied being verified on the completion of the vessel, and provided the openings in the shade deck sides are fitted with permanently hinged steel shutters secured by turnbuckles, as proposed, to the Surveyor's satisfaction

If the steel shutters are not fitted and there are no bulkheads between the upper and shade decks the summer freeboard would be 5 ft 8 ins and winter 3 ft 11 1/2 ins. from statutory deck line.
