Bordeaux, 1st March 1932.

Mr. Watt,

The Owner of the steamers "RIP", "SUZON" & "VICTIS" of Antwerp has requested me to survey these vessels under the assignment of freeboards under the provisions of the International Loadline Convention 1930.

As I have had no experience as yet of surveying vessels for freeboard, I should be grateful if you could let me have a copy of a typical Report C 11 for guidance and the Final Freeboard Report respecting the steamer "RIP" also special instructions which may have been prepared regarding the method of measuring a vessel's superstructures, sheers, etc.

With kind regards,

Yours faithfully,

Robert Lander

WATT, Esq.,

DON.
