WILLIAM JAMES CRAIG will say :-

I am a Senior Ship Surveyor to Lloyd's Register of Shipping stationed at Newcastle.

Between the 31st October and the 16th November, 1935, I was associated with Mr. Turnbull, Lloyd's Principal Surveyor, regarding the survey of the S.S. "SHEAF BROOK" in Messrs. Swan, Hunter's Yard at Wallsend-on-Tyne.

I produce a copy of the Report which deals with the matters that I investigated.

I surveyed the vessel for her Annual Survey in accordance with Section 48(4) of the Merchant Shipping (Safety and Load Line Convention) Act, 1932, for the purpose of seeing whether the Load Line Certificate should remain in force. The Survey was completed to my satisfaction and I endorsed the Certificate accordingly.
