

1 JUN 1935

s.s. "SPILSBY"

Owners: Ropner Shipping Co.

The 2nd S.S.No.3 became due 2,35, and no part of this survey has been held.

The vessel is at present laid up, and a letter has been received from the Owners stating they are contemplating selling her to Italy for breaking up, and they may possibly send her out there with cargo. As the ship is in the early part of the year of grace they ask if she might proceed without a general examination being required.

The vessel was examined in dry dock at Swansea in May 1934, when the Surveyors reported that she was in good condition.

It is submitted that the Owners' proposal might be acceded to.
