N 3842.

Lloyd's Register of Shipping.

Port of Rotterdam.

21st July 1933.

This is to Certify that

P.H. van der Weel,

the undersigned Surveyor to this Society did at the request of the Owners' Representative attend on board of the Dutch steel screw steamer "ALKAID", 4441 tons gross, of Rotterdam, whilst lying afloat at this port in order to witness the testing of the derricks for all hatchways, together with all gear attached such as blocks, shackles, links, topping lifts and pendants, also all permanent attachments in accordance therewith such as smithwork, eyeplates, nesthoops, etc. and that 10 derricks on 2 masts and 2 derrickposts withstood a statical load of 4,5 tons.

The test was carried out on the 21st of July 1933.

P.H. van der Weel

fl. 40.-

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
 "While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Committee or any Member thereof, or Surveyors, or other Officers or Agents of the Society."
