Communications to be addressed to—
THE SURVEYORS.

Dear Sir,

With reference to the letter which you have addressed to the Owners of the s.s. "TENBERGEN", regarding the Special Survey No. 1, which according to her date of build as given in the Register Book will be due for her Special Survey No. 1 since the previous month, I beg to enclose herewith a letter received from the Owners in which they point out that this vessel was not completed before September 1922, which you will also observe from the dates of our first entry reports and as this vessel had been lying since the date of her completion in fresh water and was thoroughly examined before the reports were made, I beg most respectfully to recommend to the Committee that her date of build may be altered in September 1922 as requested by the Owners.

With regard to the last paragraph of their letter I may state that the first entry certificates were duly handed over, of which they are fully aware, but it appears that on account of some difficulties which have arisen between the builders at the time of the delivery, the certificate on the Hull was retained by the Builders.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
