Survey Due Boiler Survey due 12,31.
 Screwshaft Survey due 2,32.
 2nd Special Survey No.1 due 7,33.

The class of this vessel is subject to some boiler repairs being carried out before she is again placed in commission.

Action in regard to the above surveys has been deferred from time to time in view of the vessel being laid up in the Tyne.

In August last year the Owners informed the Newcastle Surveyors that steam would not be raised on the boilers until the Boiler Survey had been carried out.

The Newcastle Surveyors now write that the steamer is still laid up in the Tyne.
