Secretary,  
Lloyd's Register of Shipping,  
Fenchurch Street,

Dear Sir,

In connection with a possible sale of the above vessel, we should be much obliged if you would, on the application of Captain E.G. Enright, Messrs. H. Clarkson & Co. Ltd., 52, Bishopsgate, advise him the minimum requirements which should be called for by the Society to enable the vessel to make a voyage to the Far East (a) with cargo and (b) without cargo.

The understanding is that on arrival at the Far East, the cylindrical tanks would be removed and the vessel reconstructed and put through a special survey as a cargo carrier.

Yours truly,  
ANGLO-AMERICAN OIL CO., LTD.
