LONDON.

Dear Sir,

With reference to your letter of the 4th instant respecting test sheets of some electric motors and generators installed onboard Öresundsvarvet's Yard No.41, I beg to enclose herewith the Copenhagen Surveyors' report on tests respecting the 12 K.W. harbour generator manufactured by Messrs. A.S. Thomas B. Thrige, No.227378. This report has been obtained from the Builders.

As regards the test sheets missing and not detailed I have asked the Builders to obtain test sheets.

I shall be obliged to learn for what reason I am requested to forward Reports 4 c in respect of the generator engines. The auxiliary oil engines driving the main generators (and air compressors) are manufactured by Messrs. Burmeister & Wain, Copenhagen, as will be seen from Cpn. report No.10.000 of which a photo-copy was sent me, inofficially, from the Gothenburg Surveyors.

The auxiliary generator engine is manufactured by Messrs. A.-B. Jönköpings Motorfabrik, Jönköping, under survey of the Gothenburg Surveyors.

I am, Dear Sir,
Yours faithfully,
Aslundén

Encl.
