No 2 - 28

TS 11.30 cr.

Due Boiler Survey due November 1931.
2nd Special Survey No.3 due May, 1932.

Action in this case has been deferred by the Committee from time to time in view of the vessel being laid up.

It would appear from the Shipping Papers that the vessel is still laid up at Inno shima Dock.

It may be added that on the 13th January, 1931, the Owners furnished an undertaking stating that all overdue surveys and repairs would be carried out before the vessel proceeded to sea.

N.B. In a letter dated the 29th March last the Owners stated that steam had not been and would not be raised on the boiler during the lay up.
