

Ex German Steamer "MOERDIJK"

This vessel has been under survey at Rotterdam for classification with this Society and the Surveyors desire to be informed what fees they should charge for the survey.

The tonnage for fees is about 8750 tons, had the vessel been built under survey the fees would have been:-

<u>HULL</u>	<u>MACHINERY</u>
Survey fee £243. 15. 0	Survey Fee £57. 4. 0
1st Entry 5. 0. 0	1st Entry 3. 0. 0
<u>£258. 15. 0</u>	<u>£60. 4. 0</u>

making a total of £318. 19.0.

The vessel was built at Bremerhaven in 1914 and has now been under survey from the 11th to 29th June and again from the 4th to the 20th October *for damage.*

It is submitted that an inclusive fee of £200 be charged for the survey and classification of hull and machinery in addition to the damage survey fee.
