3rd January, 1934.

Dear Sirs,

S.

With reference to my letter of the 28th November last respecting the case of the steamer "PAPANUI", which vessel has been sold to Japan for breaking up purposes, I beg to inform you that a report has now been received from the Society's Surveyors at Falmouth on a general examination which was made of the vessel in dry dock.

As a result of this examination the vessel was found in a fit condition to load a dry and perishable cargo for the contemplated voyage and the Interim Certificates which have been issued by the Surveyors for this voyage have been confirmed and are therefore in order.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
