LONDON

Messrs ANSALDO No 283
"AUSONIA"
=====

Dear Sir,

In answer to your letter of the 13th ult., we have to forward for consideration amended plan in duplicate:-

No 359= SHOWING BUILDERS PROPOSAL FOR DRAINING THE C DECK IN WAY OF THE PLATE BULWARKS IN THE ABOVE VESSEL.

As requested, on this plan has been indicated by the Builders, the position and dimensions of the scuppers for draining C deck and the doors giving access from the alleyways to the accommodation in the deckhouses.

The gangway floors proposed to be fitted are also indicated: the Builders state that these will be fitted with hinged doors.

We think it well to draw attention again to the free translation of Builders' letter of 6/9/27, to this office forwarded with our letter of the 10th ult., to you with special reference to the desire of the Owners to reduce, as far as possible, the number of freeing ports in this vessel, whose intended draught 23 feet 7 1/2 inches, is less than that corresponding to a complete superstructure vessel.

WS49-0077 1/2

We have to say that plan No277 showing construction of
arks as approved in this office, has now been forwarded under
ate cover for reference at the London Office, and from this
it will be seen that the amount of freeing ports has been de-
d for separate consideration.

Would you please return one copy of plan No 359 together
our reply at your early convenience.

We are, Dear Sir,

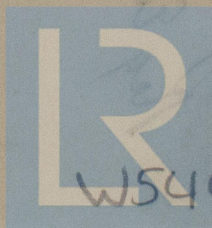

Yours faithfully

THE SURVEYORS TO LLOYD'S REGISTER

James S. Opuriston.
