

FREEBOARD REPORT on the

S.S. "Anconia", Ansaldo No 283.

## Freeing Ports.

This submitted the Surveyors be informed that it will be necessary for efficient drainage to be provided in way of the large deckhouse amidships. The plans should therefore be returned to them and they should arrange for the builders to indicate thereon the position and dimensions of the scuppers for draining C deck and should also indicate the number and position of the doors giving access from the alleyways to the accommodation in the large deckhouse. They should state if the openings indicated in the bulwarks are to be arranged as open foreways or if they are to be fitted with hinged doors.

2 plans to return.
