

Received by Chief Ship Surveyor 28. 9. 03

Received from Chief Ship Surveyor _____

VESSEL'S NAME Sa. S. S. "Ville de Paris" Report Duk No. 1024

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey _____

First entry

It is submitted that before this case receives the consideration of the Committee, the Havre Surveyors should be informed that this vessel has proceeded from Dunkirk to their port for the purpose of being fitted with her engines and boilers. They should therefore be requested to see that the openings in the decks over the machinery are efficiently closed, and on completion of the work to their satisfaction they should report upon the same on form No.8 for the information of the Committee in the usual manner with a view to the classification of the vessel.
