are Lloyd's Register of British & Foreign Shipping.
 LONDON.

Sirs,

s.s. No 140.

Referring to the anchors for this vessel your local
 buyers have pointed out to us that they are not in
 accordance with your requirements and we find on looking
 into the matter an unfortunate mistake has been made.
 anchors & cables were ordered by us on the 19th May last
 in accordance with the particulars given on the section
 finally submitted to you and through an oversight they
 have not been subsequently altered to the amended weights
 required by your goodselves.

The vessel is proceeding to sea on Thursday next
 and we leave the matter in your hands & shall be glad if you
 will help us through the difficulty.
