

S.S. "MILLPOOL"

Mr. Douglas Garrett 'phoned at 5.15 p.m. this evening and wished to inform Dr. Montgomerie that he had been on the telephone with the Board of Trade Solicitor, who was very friendly, and desires co-operation in every way. He (the Board's Solicitor) is glad we are going to be represented at the Enquiry, and that we are going to put in a statement to shew that, whatever may be the case with the B.C., Lloyd's Register is not run by a Body <sup>primarily or</sup> composed ~~only~~ of Shipowners. (Mr. Garrett is dealing with this point).

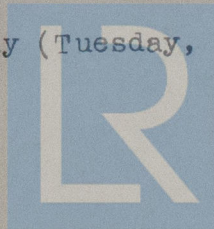

Mr. Garrett ascertained from the Board that the Enquiry will definitely open on Monday next, July 8th. In these circumstances he hopes to arrange a conference with Counsel for Thursday evening next, and he hopes that Dr. Montgomerie will have all the necessary information available by tomorrow, Tuesday.
