

9 - AUG 1934

S.S. "FRATERNITY"

The 3rd S.S.No.1 became due 3,33, and a proposal to carry out this survey within the year of grace has been agreed to.

The class is subject to one bower anchor and 130 fathoms of chain cable being supplied before the opening of navigation.

On the 1st ultimo the Montreal Surveyor informed this Office that the vessel had been sold at Public Auction, and the new Owners were the Morton Engineering Co. of Quebec.

In reply to enquiry as to what arrangements are proposed to be made for the above mentioned surveys to be carried out, the new Owners state that the bower anchor is on board and the cable is in warehouse. The vessel is out of the water and they do not intend to do anything with her until they can find a purchaser who will make his own decisions as to survey etc.

The year of grace expired 3,34.

It is submitted the Owners be requested to furnish the usual undertaking.
