Messrs

Murdoch & Murray

Port Glasgow,

Dear Sirs

No. 1192 (Fraternity)

Referring to the Midship section of above I shall be pleased to receive an amended sketch at your convenience,

We do not require the spar ceiling so closely pitched as you shew it, one between ceiling and lower intercostal, one between the intercostals, and two between the intercostal and quarter deck with only one in this space in the main held, we cannot do with more on a/c of the nature of our - goes, will you please see that this is done?

Yours Truly
