

It is submitted Mr. J. W. Rorden, he informed that on the 6th inst. a telegram, as follows, was received from the Society's Singapore Surveyor:-

"Indrasamha" three strakes riveting leaking fifty
"foot port starboard, ^{forehold} re-riveting apparent
painting shall I recommend temporary beams"

to which the following reply was sent by cable on the same day.

"Indrasamha repair satisfactory for voyage home"

In the letter confirming the same the Surveyor was instructed to make such recommendations as he considered necessary under the circumstances.

In view however of the communication received from ^{Mr. Rorden} ~~the~~ the Surveyor will be further called on the subject.

It is also submitted the Singapore Surveyor be requested by cable to report what ~~temporary~~ ^{strengthening} if any he has recommended should be fitted in the vessel.
