PORT OF

14th February, 1933

Dear Sirs,

With reference to the classification in the Society's Register Book of the steamer "SAN TEODORO", I have to acquaint you that to complete the Special Survey No.3 the following remains to be done, viz:-

HULL

"All the rule requirements to be carried out except the examination of the vessel in drydock, the rudder, fore upper peaks and forehold, the internal examination and testing of the fore peak tank and deep tank, ranging of the cables, the examination of chain locker, anchors and windlass. The testing of the engine room C.D.B. tank and No.9 (from aft) oil tanks port and starboard"

MACHINERY

"All the rule requirements to be carried out with the exception of the examination of the sea connections, cylinders, pistons and slide valves"

I am, Dear Sirs,

Yours faithfully,

Secretary to the
Liverpool Committee.
