

S.S. "CATALONIA".

---

The tonnages reported by the Helsingborg Surveyor  
are as follows:-

	British	Swedish
Under deck .....	1259.7	1259.7
Gross .....	1512.27	1755.32
Register .....	1813.93	1270.03

As these figures appear to be inconsistent, especially  
the British Register Tonnage, it is submitted the Surveyor  
be requested to verify them, and at the same time he should  
state the reason for the differences.
