

screw steamer No. 62 to be built at Trieste by The Austrian
s, with a view to class 100A1.

Equipment number 57360.

The Builders propose to supply the following anchors for this
L, viz;-

1 Stockless anchor	70 $\frac{1}{4}$ cwts.	
1 " "	70 $\frac{1}{2}$ "	
1 Admiralty anchor including stock	<u>67$\frac{1}{2}$</u> "	(54 cwts ex stock)
Collective weight		208 Cwts.

Requirements of Table 22 being;-

1st. Bower anchor	73	Cwts.	stockless
2nd. " "	73	"	"
3rd. " "	<u>62</u>	"	"
Collective weight	208	Cwts.	

It is submitted the Builders' proposal merits the favourable
consideration of the Committee, provided the Owners' consent to this
provision from Table 22 be obtained, and the anchors be tested as
required by the Rules.
