

S.S. "PEARL SHELL".

A representative from the AngloSaxon Petroleum Co., called at this Office this morning for the classification certificates of the above vessel, which has recently been completed at Philadelphia by The Harlan & Hollingsworth Co.

He was informed that the certificates could not be handed over unless the permission of the Builders was first obtained.

The Anglo Saxon Co., have now telephoned asking that a cablegram be sent from this Office to obtain the necessary permission, as the certificates are urgently required.
