1 Encl.

26th April, 1905.

Gentlemen,

M. I duly received Mr. Warren's letter of the 22nd instant, enclosing others from Messrs. Sir James Laing & Sons and Messrs. W. Gail & Partners, respecting the proposed use in lieu of cement of Messrs. Gail's bituminous solution for covering the inner surface of the bottom plating of Messrs. Laing's S.S. No. 607, and in reply thereto I am directed to state that the use of this solution will be approved, it being understood that the same is in accordance with the Owners' requirements, and subject to the record "Asp" being made in the Society's Register Book.

The sample forwarded will be retained in this Office, and the sketch of midship section of the vessel, forwarded for reference, is returned herewith.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,
SUNDERLAND.
