20th April 1905.

Messrs Lloyds Surveyors,
Sunderland.

Dear Sirs,

No. 607 S.S. "MADRID".

Referring to your favour of the 13th instant, we now beg to send you under separate cover sample of Messrs Cail & Partners Bituminous Covering, which is being applied to the bottom of the above steamer, together with copy of letter received from Messrs Cail & Partners.

We would take the opportunity of reminding you that Messrs Cail have, on two previous occasions, supplied you with samples of this material as applied to the bottom of ships, which in this instance you no doubt overlooked when writing our letter of the 13th instant.

Yours faithfully,

Sir James Laing & Sons Ltd.,

John H. Clarke
