Sir James Laing & Sons Ltd.,  
Sunderland.

Dear Sirs,

Referring to Mr. Cail's call today, in reply to yours of the 17th; we have, as arranged, pleasure in sending you sample plate coated similarly to that applied on No. 607 S.S..

It will be, in all probability, a shade thicker in actual use, as the brush picks up more in working than in doing a small sample plate.

Yours faithfully,

Sgd. -

Wm. Cail & PARTNERS.
