

Blohm Voss' Is N. 161.

It is submitted the Hochfelder Walzwerk be informed of the result of the reweighing of the stream chain supplied by them to this vessel, as reported by the Society's Surveyors at Hamburg, and it should be pointed out that in view of the great deficiency in weight of this stream chain, as compared with that required by Table 22, the same cannot be approved.

1578/02  
to Hamburg.
