Steamers "EPIDAURO", "ISKRA" and "IZVOR"

A letter has been received from Mr. W.H. Roberts, Owners' Superintendent, stating that these vessels (which are overdda for Special Survey and are laid up at Split under the undertaking) have been sold to Messrs. Cantieri Metallurgici della Venezia Giulia S.A., Trieste, for breaking up.

It is submitted that in the first instance the Trieste Surveyors might be requested to ascertain from the new Owners if it is their desire that the vessels should proceed to their breaking up port as classed ships.
