The Secretary.

London.

Sir.

In reply to your letter respecting the New steamer
"Tjikini" dated 2nd instant; I beg to state that I find on my re-
port for engine room tank 10 feet, which is in error it is ten
frame spaces thus 20 feet as noticed in your letter.-

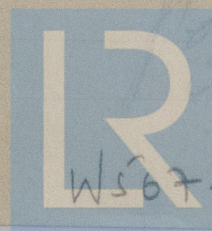

The vessel has eight watertight bulkheads; viz seven complete
bulkheads same as the S.S. Tjibodas, but the bulkhead in the
latter steamer on frame No' 103 reaching till the main deck was
not made so strong and watertight as in the case of the S.S.
Tikini", while also the main deck at that portion was made tigh-
t reaching from frame 103 to ¹¹¹~~110~~, and therefore I mentioned 8 bulk-
heads.

I am Sir .

Your Obedient servant.

P. Leeuwenburg.
