Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

15th July, 1921.

Dear Sirs,

H.

I have to acquaint you that the steamer "TRESITHNEY" was recently classed LOCAL in the Society's Register Book with a notation of S.S.Shl.No.2-21, subject to the lower side bunkers being examined, the ceiling in way removed, and the double bottom tank in the engine space examined internally. The Owners now desire that a notation of S.S.No.3 should be assigned instead of S.S.No.2 when the survey has been completed

In reply to an enquiry on the subject, the Society's Surveyors at Newcastle, under whose inspection the vessel was classed, state that in their opinion a notation of S.S.No.3 might be assigned subject to the survey being completed as previously recommended and to the plating in way of the sidelights being examined and the mast wedges removed.

It is understood that the vessel arrived at your port on the 6th instant, and I shall be glad if you will give the case the necessary attention.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,
H U L L.

Secretary.
