

SUPERHEATER Endorsement.

Shipbuilders:

Engineers:

Superheater Makers:

S/s "Catherine Radcliffe" & "Klanarth"

Messrs. J. Dickinson & Sons, Ltd

Messrs. The Superheaters Co. Ltd.

Yard No.

CONTRACT

Engine No. 255 & 256

It is submitted that the plans of superheaters merit approval for a working pressure of 180 lb. per square inch, provided the steel castings be made at approved works and tested as required by the Rules, a safety valve be fitted to each part of the superheaters which can be isolated from the boilers, and the superheaters be constructed under the usual conditions of survey and testing, and the whole be tested to three times the working pressure.
