Survey Due 2nd Special Survey No. 3 due 9,34 - Partly held on Machinery.

In October last Messrs. Ellerman's Wilson Line wrote that this vessel was laid up indefinitely at Hull, and that before she was again taken out she would no doubt be drydocked and the opportunity taken of carrying out a further inspection.

The Hull Surveyors now write that they understand the vessel has been sold to Italian Shipbreakers.

They add as follows, viz:-

"She will be leaving here shortly and we have been asked by the present Owners to issue a letter or a certificate stating that the vessel remains fully classed, subject to the Special Survey being carried out before the end of the year of grace. P.T.O.
