

COPY.

16th January, 1913.

My Lord,

I have today received a letter from your Lordship's firm, giving particulars of the cases to which you referred at the Meeting of the General Committee on the 9th instant, and I beg to assure your Lordship that they will at once be inquired into and reported upon by the Chief Ship Surveyor.

Messrs. Wilson state that the steamer "MARENGO", one of the vessels in question, goes into dry dock towards the end of the present week, and arrangements are being made for the steamer to be surveyed by Mr. W. L. Gilmour, this Society's Principal Surveyor at Middlesbrough, and Mr. A. B. Wilson, the Principal Surveyor at Hull.

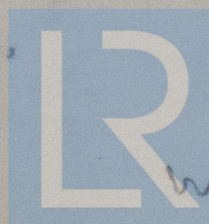

I have telegraphed to the firm, asking when the steamer will be available for examination in dry dock.

I have the honour to be, my Lord,

Your Lordship's obedient Servant,

The Right Hon. Lord Nunburnholme, D.S.O.,
16, Chesham Place, S.W.

Secretary.
