Liverpool, 12th March 1921.

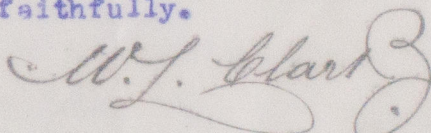

Dear Mr White,

Many thanks for your letter of the 11th instant respecting the system of recording the number of turbines in the Register Book, which has been noted. A further reference to the matter was made on Liverpool Report No.81990 on the S/S " IMPERATOR " forwarded on the 8th instant, but I conclude that no notice will be taken of the matter.

With regard to the last paragraph of your letter I have to say that as this vessel has never been classed in any Register Book and is therefore not embraced in the minutes approved by the General Committee on the 25th November last no record was assigned.

With kind regards,

Yours faithfully,

C. H. S. White, Esq.
