

alterations in the existing records should be underlined.  
Vessel has Water Ballast Tanks, state whether the manhole covers have been removed, and the insides  
Also state the amount of deterioration (if any) found in the thicknesses of the floors, framing,

S. S. "IMPERATOR".

It is submitted the Liverpool Office should be informed that where there are ~~say~~ two turbines say H.P. and I.P. on one shaft, and one L.P. turbine on another shaft, it is the practice to record 2 steam turbines in the Register Book.

In this case it appears there are 1 ahead and 1 astern turbine on each of the 4 shafts, and therefore the notation of 4 steam turbines appears to be correct.
