Enclosures.

28th June, 1907.

Dear Sirs,

With reference to your letter of the 25th instant respecting the machinery for the vessels Nos. 190 and 191 building by The Mitsui Bishi Dockyard & Engine Works, Nagasaki, I beg to acquaint you that the fees charged in this country for the survey during construction of the engines for the ship 190 and for the engines and boilers for the No. 191 vessel will be taken into account in determining the fees to be paid at Nagasaki for the completion of the surveys of the machinery, etc., of the vessels.

With regard to your request to be supplied with certificates that the work done in this country has been satisfactory I have the pleasure to enclose herewith two letters which I trust will be what you require.

I am, Dear Sirs,

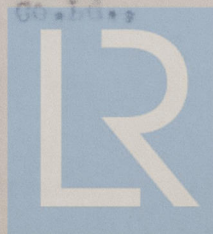

Yours faithfully,

Secretary.

Messrs. A. R. Brown, McFarlane & Co. Ltd.,
