Continuation of my report dated Istanbul June 1st 1931

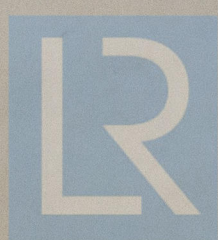

Port Istanbul,

June 6th 1931.

An estimate of time and cost of the temporary repairs enumerated in my report, dated 8th June 1931, being requested, in my opinion the temporary repairs to this vessel as per my recommendations of the 1st of June 1931, could be carried out in about ten days time, at a cost of about four hundred and eighty pounds sterling (£480).
